

SEMINAR: Responding to the Educational Needs of Post-School Youth

Date: 19 August 2008

Venue: Highlands Country House

Time: 10h00 – 13h00: Joint Meeting of Reference and Task Groups

14h00 – 16h00: Concurrent Meeting of Task Groups

Task groups

The Project consist of the following three groups:

- **Reference Group** – this group of people have extensive experience/expertise about the FET sector (many were involved in the 2006 DoE FET Recapitalisation study). The task of the reference group is to share their experiences/expertise with the two task groups, to participate in relevant task groups if interested/appropriate, to comment on final reports and to participate in the national conference where the report will be tabled.
- **Capacity Building** – the research leader is Prof. Stumpf and this group will look at different possible approaches to capacity/linkages building between the FET and the university sector.
- **Scoping Group** – the research leader is Dr Charles Sheppard and this group will try to determine the number of students who are in need of post school training.
