

KNOWLEDGE PRODUCTION IN SOUTH AFRICAN UNIVERSITIES

November 2011 Workshop

Chintsa, East London
Monday 21 lunch to Tuesday 22 lunch

AIMS OF MEETING

The aim of the meeting is to discuss all three sections of the book, but with a focus on the Case Studies. The first part of the workshop will discuss a framework for analyses of high level knowledge policies and an overview of global knowledge policies. Secondly, a discussion about SA's high level knowledge production landscape, with a focus on an empirical picture and comments on national policies which helped create it. Thirdly, we will discuss the content, data collection and analyses of the eight institutional case studies.
